How to connect your Smart Switch to Amazon Alexa

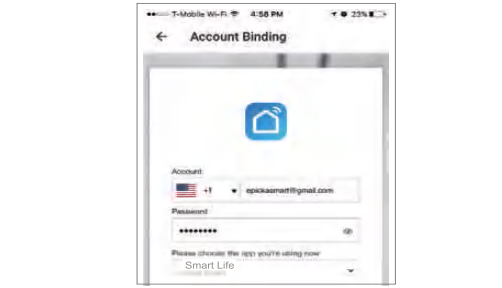

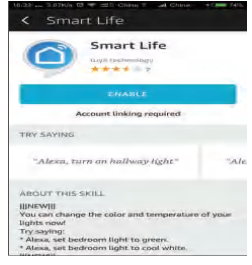

1. Launch **Smart Life** App, sign in your account and make sure your Smart Switch is in your device list.
2. Name each device, such as living room light or bedroom light, so that Alexa can easily recognize them.
3. Minimize **Smart Life** App, then launch the Alexa App and sign in your Alexa account and make sure you have at least one Alexa voice-controlled device installed like Echo, Echo dot, etc.
4. In the upper left corner of Home page, click **Skills** button to show App menu. Then clicks **Skills** in the menu.

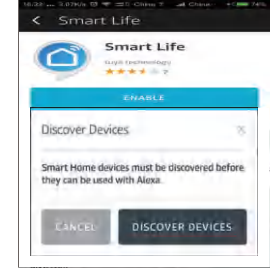

5. Type in "**Smart Life**" in the search and click the search button.

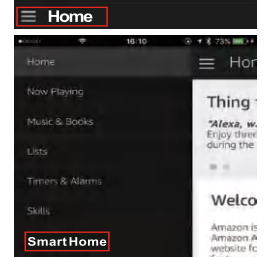

6. Enable Smart Life, then sign in your **Smart Life** account to complete the account linking.

7. After successful account linking, ask Alexa to discover devices. After a 20-second device discovery, Alexa will show all the discovered devices.

8. Back to Menu by clicking **Home** button, and then click **SmartHome** button.

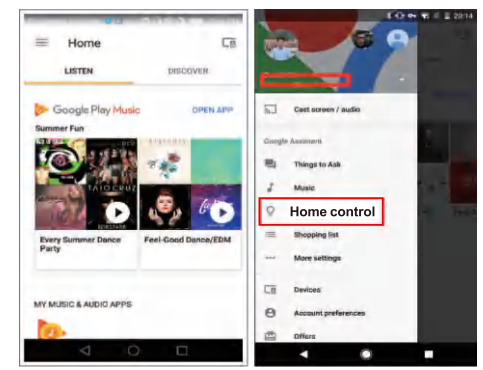

9. In Smart Home page, you can group your devices for different categories. Your **Smart Life** APP has been skilled with Alexa. Now you can control your Smart Switch via Alexa.

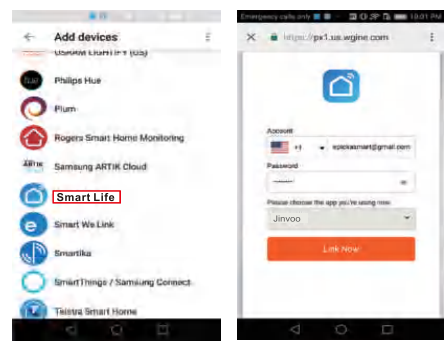

How to connect you Smart Switch to Google Home

1. Launch the Google Home App and make sure Google Home speaker is installed. If not, please follow the Google Home Speaker installation to install it first.
2. Once Google Home is installed, in the upper left corner of App Home page, click **Home Control** button to show App menu. Then clicks "Home Control" in the menu.

3. On "Add devices" page, scroll down to find "Smart Life" and then click it. Sign in Smart Life App with your Smart Life App account and password choose **Smart Life** App in the dropdown menu to complete the account linking.

4. After successful account linking, in Google Home App you can see all the smart devices from your **Smart Life** App account. You can assign rooms for each device.

5. Now you can use Google Home to control your smart devices, you can say like:

Ok Google, turn on/off wall light
 Ok Google, set bedroom light to red
